(COAST RECORD.) WANT TO BUY A MAN

But Executor Goodfellow is not for Sale.

Sensational Disclosures in the Fair Will Contest—Gold is, Plentiful.

A New Steamship Line—Arrest of a Cashier—River Pirates—Fought for Life—The Carriger Will Contest.

By Telegraph to The Times.
SAN FRANCISCO, March 29.—(Special Dispatch.) If the children of Senator Fair can have their way, the millions of their dead father will never be the subject of controversy in court. Through legal advisers they are bending every effort to make a compromise which will dispose of the original will, which was stolen, without a struggle. With that testament out of the way, all will be easy sailing. The holographic will would stand alone, and under its provisions, the three children of the dead Senator would immediately come in for the fortune of a prince.

To bring about such a result, three men have already been proffered a fortune. They are willing to accept the money proffered, but the fourth man stands in the way. The man is W. S. Goodfellow, executor and trustee of the stolen will, who stands obtrusive to the wishes of the three children and of his associate directors, Angus, Brees and Crothers. The exciting moves in the Fair will case during the past week have been out of the sight of the public. Had all gone well with the plans proposed, the next session in court would have been the withdrawal of the original of the stolen will, the retirement of the executors and the probate of the holographic will so suddenly proposed by the children.

The executors of the original will of Fair, by retiring, enrich themselves in an amount far beyond what they would receive in commissions under the will. The proposition was made in plain terms to Angus, Brees and Crothers on the evening of the conference of interested parties held in the office of Executor Goodfellow on Wednesday night. To each of the three men was offered in gold coin \$100,000, and what is more startling, they were willing, it is said, to accept the offer. Despite all argument, Goodfellow remained firm in his position. Other executors willing as they were to accept the offer of the children, were compelled to side with him.

Matters were left in this position when the conference ended. The following day the representatives of the children had recourse to stronger arguments. It was assumed that even Goodfellow would not altogether close his eyes to money if the sum offered were sufficiently large. Almost insensibly it became bruited about that Goodfellow could command in consideration of his withdrawal \$250,000. Even this princely sum failed of effect.

That the children have not given up hope of winning Goodfellow to their cause was evidenced tonight, when a second conference was held in the office of the obdurate executor. As matters now stand, Goodfellow is firm in his determination to remain executor, to maintain the stolen will and to muster all evidence possible to prove that the holographic will in pencil produced from the house of Mrs. Craven was not written by Senator Fair and does not represent his last wishes. D. M. Delmar will probably appear as attorney for the executors at the meeting next Tuesday.

SUSPENDED RATES.

A Free Fight in Alameda County Insurance Circles.

Associated Press Leased-wire Service.
SAN FRANCISCO, March 29.—There is a free fight in progress in insurance circles in Alameda county. The Board of Fire Underwriters has suspended rates there. This was predicted about ten days ago, and the fight has become so hot in Oakland that the board companies have cried for release from all obligations. The suspension of rates means that business will be taken for anything or nothing, and somebody is going to lose a great deal of money.

Those who will benefit will be the policy-holders, provided they can their policies carefully. The precaution is always necessary, and particularly so when insurance companies are the most unwilling to work out an advantage however trivial. In case of fire, the greater the cut in the premium. Although the proportion of paying a policy-holder a bonus for the privilege of writing his insurance has been suggested in a thing actually a possibility, and a thing actually occurring.

A railroad striker, who had his home insured in a big and well-known local company, was offered a big cut in his rate to cancel the policy and rewrite it in an outboard concern. When he presented his policy for cancellation, the company offered him a premium for writing it again, and the offer was accepted and the man who was out of work never made \$4.50 easier and has the advantage of a paid-up policy in a first-class company to boot.

The tight grip which certain companies have upon their policies is leading to legal complications, and the law has already three cases on his hands for policy-holders. The law says that a policy-holder may cancel his policy at will, and must receive in return premium thereon not less than "short rates" on the amount of the premium written on the face of the policy. In other words, the law considers only what the assurer pays in remittances or other expenses incurred by the company in securing the business.

The Prussian National was called upon to pay \$20 in return premium on a candle. Instead of doing so, the plaintiff in this case allowed \$45, and was deducted for rebate, 25 per cent. for brokerage, and \$40 for office charges. The policy-holder was tendered \$30 instead of \$20. A similar way the German-American tendered a policy-holder his return premium, less 28 per cent. A general suspension of rates may occur at any hour.

INSURANCE WHILE YOU WAIT.

SAN FRANCISCO, March 29.—Today the Fireman's Fund Insurance Company issued a policy on a vehicle, while depreciating rate were, the company states it is tired of working a legitimate business against companies that violate their principles. So it invites the public to bring, send by mail or express their policies to the company's office, which will be open during the entire twenty-four hours, and where policies will be rewritten at the lowest rates. The Fireman's Fund and the German-American Company have engaged hand-wagons with music and transparencies to advertise their advantageous terms.

Hurley's Benediction.

SAN FRANCISCO, March 29.—M. J. Hurley, the convicted jury-briber, was this morning sentenced by Judge Wallace to five years' imprisonment in the State penitentiary. "God bless—God bless the human race," was Hurley's benediction after the Judge had passed sentence upon him.

P. A. Buckley, convicted of having falsified the election returns in the Tenth Precinct of the Thirtieth Assembly District was also sentenced to five years' in the penitentiary.

A QUEER FREAK.

Mrs. Kate Hamilton Arrested for Cleaning Out Whole House.
Associated Press Leased-wire Service.

SAN FRANCISCO, March 29.—A search warrant and a complaint of felony embezzlement issued today revived the incident that temporarily disrupted a Seattle family and caused Mrs. Philip Abrahams to make a hasty trip to Honolulu and return.

Philip Abrahams is the head of a grocery firm in Seattle, and Mrs. Kate Hamilton was employed at his home. A couple of months ago Abrahams came to San Francisco on business. He had barely left town when the Hamilton woman told Mrs. Abrahams that her husband had gone to Honolulu with another woman. Mrs. Abrahams left her home in a panic of alarm, care, and an onset started for the island. Meantime, Abrahams was in San Francisco unconscious of the tale that induced his wife to start in search of him.

Mrs. Hamilton packed up the effects of the Abrahams household and shipped them to the city in care of the Pacific Transfer Company. She carried a trunk, a valise, which was stored upon her arrival. When Abrahams returned to Seattle he found a tangle that could not be unraveled until his wife returned from her island chase. She arrived a short time ago and explanations soon set aside the domestic discord that had been occasioned by the Hamilton woman's tale of an elopement.

A Tract at Martinez.

SAN FRANCISCO, March 29.—The San Joaquin Valley Railroad Company has acquired a large tract of land near Martinez, containing about twenty acres, for the purpose of a terminal. It is said all arrangements for the transfer of the property to the valley railroad were perfected several days ago, and the matter has been kept a secret in order that more effective work might be done by the directors of the railroad in getting subscriptions from the people of Stockton. The title to the terminal site at Martinez rests in the name of the projectors of the Salt Lake road, many of whom have taken part in the organization of the San Francisco and San Joaquin Valley Railroad Company.

The Martinez property is regarded as an excellent site for grain warehouses. The land fronts on deep water, and deep enough for ships to sail up to the company's warehouses and load the grain hauled down from the valley precisely in the same manner as it now being done at Port Costa. While the line in the San Joaquin Valley will only be a branch of the system, it will be an important branch. The valley road will compete largely for the grain business of the valley, and Stockton and the other districts have decided that they must afford facilities equal to those of the Southern Pacific in order to get the business.

ADVANCE MONEY.

A Claim that it is Being Paid to Non-union Sailors.
Associated Press Leased-wire Service.

SAN FRANCISCO, March 29.—Honors were easy in the sailors' strike today, two vessels going to sea, one with a union crew and the other with men who accepted the wages paid by the association. The schooner Falcon met the demand of the union and the bark Gatherer went away with a crew from the Sailors' Home.

The schooner Webfoot, lying at Channel street, is to sail tomorrow, and the presence of the police will probably be necessary, as the vessel is to take a non-union crew. Both the association and union are anxious to win the fight. Andrew Furuseth, secretary of the union, said today that the association, in its anxiety to get men, had laid some of the vessels liable. He claimed that advances had been made in violation of the law, and that bonuses had been given to union men.

"We have given good evidence," said the secretary, "from \$15 to \$20 advance has been paid to non-union men, and this is clearly in violation of the law. The non-union men have also been receiving from \$5 to \$7.50 bonus for accepting a berth, which is another infraction of the law." Two years ago the Falcon, a well-dressed young man crossed and accosted her. Wondering what he wanted, she stopped.

"Give me your purse," she said. She put her right hand behind her back and said: "I've got no purse." The young man pulled a revolver out of his pocket and shoved the muzzle close to her face. She nearly fainted with fright and stepped backward. He followed her and said: "Hand over your purse, quick!" She obeyed promptly.

"Now," said he, as he kept the muzzle of the revolver leveled at her face, "if you scream or cry for help, I'll blow your brains out." Then he turned on his heel and walked away toward Ellis street.

As soon as she had recovered from the first into tears. A lady who had been standing on the corner of O'Farrell and Franklin streets, went up to her and asked her what the young man had done to her. She told her and the lady said: "I believe he is the same man who insulted and stole a girl friend of mine." The girl then ran home, got her bicycle and rode to the nearest police station, where she told the story of the robbery.

THE CARRIGER WILL.

Second Trial of a Noted Case at Santa Rosa.

SANTA ROSA, March 29.—The famous Carriger will contest case comes up in the Superior Court here next Wednesday. It involves the estate of William W. Carriger of Sonoma, who was shot and killed by his brother, Albert Boggs Carriger, two years ago. At the time of the killing of William, his wife, Kate Carriger, was suing him for a divorce. The death of William brought the divorce proceedings to a close.

Solomon Carriger, a brother of William, had represented her as untrue to William, which had alienated his affections. The jury found for her, setting aside the will. The widow, however, set the verdict aside on the ground that William had been induced to make it while under the undue influence of Boggs. Boggs' claims had represented her as untrue to William, which had alienated his affections. The jury found for her, setting aside the will. The widow, however, set the verdict aside on the ground that the will was not valid. The case was appealed and the ruling of the lower court sustained. The case will now be tried over again.

FAT FEES.
What it Might Cost to be Carved Up at Oakland.
Associated Press Leased-wire Service.

OAKLAND, March 29.—The jury in the case of Dr. Dudley Tait against the executors of the estate of Morris Goldberg for \$900 for medical services, have given a verdict of \$6500 for the plaintiff. The case has been on trial before the Superior Court for the last two days and excited a good deal of interest from a medical standpoint.

Goldberg was a wealthy Hebrew in East Oakland. At the age of 72 he was attacked with a camouflaged throat and cut with a sharp knife, and the knife was driven through his heart. Dr. Tait performed the operation of gastrootomy on Goldberg. An incision was then made and the stomach was subsequently removed. The patient, after living three weeks, died of pneumonia. At the trial physicians of note testified as to the nature of the operation. The damages ranged from \$10,000 to \$1,000,000. Dr. Wooley solemnly put in the latter estimate.

FOUGHT FOR LIFE.

The Conflict at the "Red House" in Which Baynon Was Killed.
Associated Press Leased-wire Service.

OAKLAND, March 29.—There is a prospect of a strong contest in the Contra Costa courts over the killing of William Baynon, the landlord of the "Red House." The dead man's relatives intend to employ special counsel to prosecute Simpson, and the latter's long record and the history of the roadside tavern will be gone in the trial.

The defense of Simpson when the trial takes place will be that he shot Baynon to protect himself. His employer will testify that Baynon was quite a scoundrel all day, and that he had attempted to begin a battle several times. Baynon's head plainly shows the marks of the butt end of Simpson's revolver, and that the contractor used his weapon in that way before shooting him. Simpson was attacked, according to all the stories, with a club and iron bar. The battle was fought out of doors, and Baynon was not in his house when the shot was fired.

Mrs. Baynon claims that Simpson went away and got his revolver after the quarrel with her husband; that he returned to renew the troubles, and that she and her husband then tried to defend themselves.

WILL BE ON IT.

Stockton to Have a Share in the Valley Railroad Enterprise.
Associated Press Leased-wire Service.

STOCKTON, March 29.—Clas Spreckels and the other directors of the valley railroad, with Engineer Story, spent the day in seeing the points of interest here, and they were accompanied on their drives by the local committee of business men. Stockton is jubilant tonight. The visiting directors of the San Francisco and San Joaquin Valley Railroad Company announced at a meeting of the Stockton Commercial Association that the first work on the new road would commence at Stockton within six or ninety days, and that work would be pushed rapidly until Stockton was reached.

Their proposition is that Stockton take \$150,000 worth of stock and furnish certain rights-of-way and pieces of land desired for depots and freight yard sites. The demands are very reasonable and will be fulfilled easily. The directors agree to com-

mence the construction of the road at Stockton in consideration of what they ask being given. Stockton will be a terminus for a time at least, and stirring times are looked for.

A TRACT AT MARTINEZ.

SAN FRANCISCO, March 29.—The San Joaquin Valley Railroad Company has acquired a large tract of land near Martinez, containing about twenty acres, for the purpose of a terminal. It is said all arrangements for the transfer of the property to the valley railroad were perfected several days ago, and the matter has been kept a secret in order that more effective work might be done by the directors of the railroad in getting subscriptions from the people of Stockton. The title to the terminal site at Martinez rests in the name of the projectors of the Salt Lake road, many of whom have taken part in the organization of the San Francisco and San Joaquin Valley Railroad Company.

The Martinez property is regarded as an excellent site for grain warehouses. The land fronts on deep water, and deep enough for ships to sail up to the company's warehouses and load the grain hauled down from the valley precisely in the same manner as it now being done at Port Costa. While the line in the San Joaquin Valley will only be a branch of the system, it will be an important branch. The valley road will compete largely for the grain business of the valley, and Stockton and the other districts have decided that they must afford facilities equal to those of the Southern Pacific in order to get the business.

Philip Abrahams is the head of a grocery firm in Seattle, and Mrs. Kate Hamilton was employed at his home. A couple of months ago Abrahams came to San Francisco on business. He had barely left town when the Hamilton woman told Mrs. Abrahams that her husband had gone to Honolulu with another woman. Mrs. Abrahams left her home in a panic of alarm, care, and an onset started for the island. Meantime, Abrahams was in San Francisco unconscious of the tale that induced his wife to start in search of him.

Mrs. Hamilton packed up the effects of the Abrahams household and shipped them to the city in care of the Pacific Transfer Company. She carried a trunk, a valise, which was stored upon her arrival. When Abrahams returned to Seattle he found a tangle that could not be unraveled until his wife returned from her island chase. She arrived a short time ago and explanations soon set aside the domestic discord that had been occasioned by the Hamilton woman's tale of an elopement.

THE OLYMPIA.

She is Ordered to Santa Barbara for Drill.
Associated Press Leased-wire Service.

SAN JOSE, March 29.—Orders have been received at the Mare Island Navy-yard directing the new cruise Olympia to sail on Tuesday next for Santa Barbara Channel for drill. On April 17 and the two days following she is to be at the port of Santa Barbara and will be open for inspection. She will then proceed to San Diego for three days, and will then return to the navy-yard here. It may, however, be decided to dispatch her from San Diego to Nicaragua or Peru.

The Times

ALL ALONG THE LINE.

The bank clearings of Los Angeles for the past week, as reported by Bradstreet, show a gain of 15.7 per cent. as compared with the corresponding week of last year.

Santa Monica proposes through its Chamber of Commerce to be represented at La Fiesta with a float in the floral parade. What Santa Monica undertakes in this line will undoubtedly be well done.

Santa Anas are "wise in their generation." They intend, in their participation in the grand fiesta, to combine business with pleasure, by having the float from Orange county represent the resources of the county.

The correspondent of The Times at San Bernardino reports that the box of prize oranges sent to Gov. McKinley of Ohio reached its destination in due course and in good condition, and that the receipt of the same had been duly acknowledged by Gov. McKinley's private secretary.

Redlands is rejoicing over the fact that the Southern Pacific Railway Company has consummated plans for the erection at that point of a roundhouse and turntable, and, further, that Redlands is to be made the terminus of one train; one extra local train is to be put on between that point and Los Angeles.

The San Diego Chamber of Commerce is an Indian basket four feet in diameter and two and one-half feet high, which was made by a Temecula Indian squaw 95 years old. This basket is shaped like a Boston bean-pot, and is capable of holding many bushels of corn or other produce. The contents of the basket would nearly fill an average-sized farm wagon.

San Diego is to have a wide-awake yacht club with a fine clubhouse near the quarantine station. The yacht in the club will include a number of excellent steam craft. Commodore H. V. Griswold, formerly of the Chicago Yacht Club, is one of the leading spirits in the San Diego club; also Ralph Granger, the millionaire mine-owner, who made a fortune from the famous Last Chance mine at Colorado.

The Farmers' Institute, now in session at Riverside, is engaged in a good work. If farmers would get together often, tell each other what they do know, and find out what they don't know, they would find themselves better able to wrestle with the difficulties so constantly confronting them. Besides being a means toward profit, such reunions would be a pleasure, something, as a rule, which the farmer does not get too much of.

The Times' Pomona correspondent reports that "the boy with his deadly sling-shot" is again in evidence, and that his present efforts are specially directed against the mocking bird. As that bird happens to be one of the few good insect scavengers that California possesses, it might be a wise thing for the Pomona people to catch that boy, with his pants down, and administer to him a good application of his own slingshot.

BURR BAGS A BURGLAR.

THE SHERIFF'S FLYING TRIP TO GARVANZA.

He Returns with John Carroll, Who is Accused of Stealing Six Hundred Dollars' Worth of Jewelry.

Sheriff Burr bagged a burglar last evening and placed him behind the bars of the county jail just before the witching hour of midnight. The culprit is John Carroll, and he is accused of burglarizing the house of Miss Gilbert, an aged maiden lady at Garvanza, and making away with about \$600 worth of jewelry.

The robbery took place Thursday night and was reported to the Sheriff's office early Friday morning. Carroll was at once suspected, and the Sheriff had a man shadowing him all day yesterday. Last night Carroll was discussing the burglary in a grocery store with a lot of other men, and he acted so suspiciously that the Sheriff was telephoned to come and get him.

The Sheriff procured a hack and proceeded to Garvanza post-haste, capturing his man and bringing him to the County Jail. Carroll's evident intention was to leave the place last night, but the Sheriff frustrated his plan.

The evidence against Carroll is strong, though he is innocent of guilt. He was in the employ of Miss Gilbert for some time, but was discharged a few days ago for being too arrogant. He was perfectly familiar with Miss Gilbert's house, and knew where she kept her jewelry. Footprints leading to and from the window where the burglar got in, fit Carroll's shoes exactly.

Among the things the owner's initials were highly prized by her for old associations' sake. There was also a crescent-shaped brooch, set with diamonds and other jewels. None of the booty has yet been recovered.

A New Humane Officer.

Rev. M. V. Wright, for nine years agent of the Los Angeles County Human Society, the Society for the Prevention of Cruelty to Children and the Society for the Prevention of Cruelty to Animals, has tendered his resignation, and Mr. Hutchins, formerly humane officer at Portland, Or., has qualified as his successor. Mr. Wright resigned because he wished to devote his attention to other matters and leave his service in perfect accord with all the officers. He said he will not abate his interest in the work, but can not afford to give it his entire attention.

INCREASE YOUR INCOME.

By an investment in land in the beautiful "Sunny Slope," Grand auction today, leaving Arcadia Depot at 11 a.m. See Easton, Eldridge & Co., 121 South Broadway.

AS A WINTER AERONAUT.

Coronado Has the Warmest Climate in California.
There throngs of tourists from all parts of the United States and Canada make the trip every winter. It has long been the place of fashionable favor, until it now has become one of the popular winter resorts of America's people of note and refinement. Pleasure seekers and visitors of all classes are gratified without stint at the varied attractions, the abundance and character of the pleasures and pastimes provided for the enjoyment of guests at this favored part of California. This may well be called the paradise of the sportsman, as here there is boating, fishing, swimming in the hot and cold salt water tanks or in the surf, hunting, coursing with bloodhounds either on horseback or in a carriage. It has the finest driveways and roads for horseback exercise or bicycling on this coast. The hotel, which is the finest winter-resort hotel in America, has every modern convenience, including steam heat throughout the building. Unlike most hotels, instead of making a charge for its use, the management prefers that guests keep the steam turned on rather than off. They do not have to send to the office for permits, keys, or engineers to turn it on, but simple handy valves which any child can open are always in reach.

NOT LIABLE.

JUDGE VAN DYKE'S DECISION EXEMPTS A STOCKHOLDER.

An Attempt to Hold a Stockholder Responsible for a Debt Contracted Before He Became Such, Frustrated.

Judge Van Dyke rendered his decision late yesterday afternoon in the case of B. Gordon et al., vs. Poinciana Dunn et al., an action arising out of the collapse of the defunct City Bank, judgment being ordered for the defendant, S. Mansfield, for the reasons given in the following written opinion filed therein:

The portion of this action now under consideration relates to the claim assigned to the plaintiff by one J. E. Howald, a creditor of the late City Bank, in the sum of \$10,000, against the defendant, S. Mansfield, for his proportion of liability as to such claims as a stockholder in said bank. Defendant Mansfield became a stockholder in said bank on December 15, 1894, and continued such up to the time it seemed to do business, holding 109 shares of the 1000 shares of the capital stock of said bank, during said period. For some time prior to the date that said defendant Mansfield became a stockholder, the assignee to the plaintiff, Howald, had held his credit as depositary for such amount as such deposit at that time the sum of \$10,000 and upward. This condition of affairs continued up to March 3, 1892. On that date, as appears by the books of the bank, there was standing to the credit of Howald, subject to the above deposit, an undemandable balance of deposit, \$6000, and demandable balance of \$11,548, for which amount a draft was drawn on that day in favor of A. D. Childress, president of said bank, on the Hanover National Bank of New York, and the certificate of deposit for \$5000 was surrendered by Howald, and he drew a check on the bank. On the 18th of the same month of March the draft on New York to the order of Childress was canceled, and Howald was then credited on the books of the bank for the two amounts above mentioned, total, \$5000 and \$6548.

Childress, the assignee to the plaintiff, asserted that it was not the intent of the parties that the draft should ever be presented or paid, or the money should ever be drawn by the draft, and it appears that the draft never was used, but held by Childress until canceled, as stated. The object of the transaction was to save to Howald the avoid the payment of taxes on the money. By the transaction mentioned the books of the bank would show that on the first Monday in March, when the lien for taxes attached, Howald had no money on deposit against which taxes could be levied or assessed. As a matter of fact the money was paid out by the bank on March 18, or received by it on March 18. Neither the bank nor Howald parted with anything or received anything by the transaction. It was simply a sham, and intended as such, to perpetrate a fraud on the State and county, for the purpose of evading taxation.

The defendant, Mansfield, is not liable in this action if the claim of Howald existed against the bank prior to the time he became a stockholder. He would only be liable under the Constitution and statute for his proportion of a debt incurred or incurred by the bank during the time he was a stockholder. The extension or renewal of the liability by the bank would not affect his liability. (Hunt vs. Ward, 99 Cal. 612.)

This is admitted by plaintiff's counsel, but they contend that the claim of Howald was limited to payment of Howald's claim by the bank on March 3, and he thereby ceased to be a creditor of the bank, and that when the draft to Childress was canceled and an entry made in the books of the bank on March 16, he became a creditor anew. But this contention is denied.

The contention, as already stated, was not intended to, and did not, withdraw any funds belonging to Howald from the bank, or, in fact, change their relations at all. Even if the draft had been issued to Howald instead of being held by Childress, an owner of the bank, it would not have amounted to a payment unless it had been expressly agreed.

"An express agreement must be shown to establish the fact that a bill or note of either the debtor or a third person was taken by the creditor in payment otherwise than it will be taken in such a transaction as the original liability is not paid." (Brown vs. Olmsted, 50 Cal. 162; Tolman vs. Smith, 85 Cal. 285; Sherhart vs. National Bank, 94 Cal. 362; Borland vs. Nevada Bank, 99 Cal. 83.)

If the transaction had been genuine in every respect, the draft would not have amounted to a payment. In such case the drawer is principally liable on the draft until it has been accepted by the drawee. Then the drawee becomes primarily liable, and the drawer secondarily liable until payment, but, in either case, the drawer is not charged from the date of the draft is paid, provided by an express agreement to the contrary. Therefore the liability of the bank to Howald remained, and the indebtedness evidenced by the certificate of deposit, afterward issued and assigned to the plaintiff, was assumed by the plaintiff, and Mansfield, becoming a stockholder. Hence, he is not liable, and is entitled to judgment in his favor for costs, and it is so ordered.

The evidence against Carroll is strong, though he is innocent of guilt. He was in the employ of Miss Gilbert for some time, but was discharged a few days ago for being too arrogant. He was perfectly familiar with Miss Gilbert's house, and knew where she kept her jewelry. Footprints leading to and from the window where the burglar got in, fit Carroll's shoes exactly.

Among the things the owner's initials were highly prized by her for old associations' sake. There was also a crescent-shaped brooch, set with diamonds and other jewels. None of the booty has yet been recovered.

Dr. M. V. Wright, for nine years agent of the Los Angeles County Human Society, the Society for the Prevention of Cruelty to Children and the Society for the Prevention of Cruelty to Animals, has tendered his resignation, and Mr. Hutchins, formerly humane officer at Portland, Or., has qualified as his successor. Mr. Wright resigned because he wished to devote his attention to other matters and leave his service in perfect accord with all the officers. He said he will not abate his interest in the work, but can not afford to give it his entire attention.

STORE attractions are crowding thick and fast. Tonight from 7 till 10 the store will remain open. Dohs' orchestra will furnish music. You will be royally entertained with the handsomest and most extensive decorations ever put up in the west. All day Mr. X. Ackley Sackett, the greatest Silhouette artist in the world, will cut pictures free for every purchaser of fifty cents worth or more of goods. He is specially good with the children's pictures. Mr. Sackett has cut pictures for the most prominent personages in the world. Hundreds took advantage of this offer yesterday and had their pictures made. Everyone has been delighted. Before Daguerre was born this was the only means known for taking pictures from life. Not retrograding, but progressing. We show the difference between modern photography and ancient art. When this artist leaves the city he carries with him the peculiar faculty he has developed. There is no one else his equal. For a trifling purchase you can now avail yourself of this splendid offer. Modern merchandise becomes greater with the attractive features that are being developed from day to day. The Fiesta will bring with it enjoyment to two hundred thousand people. It means a week of the most perfect enjoyment, at very little expense, from the active work of nearly 1,000 men and women for nearly six months, all working in harmony under the auspices of the Merchants' Association for the advertising and for the advancement of Southern California. People will be surprised at the magnitude of this year's Fiesta. You will be surprised at the size of the stock and you will be agreeably surprised at the low prices the goods are being sold for. Today we will show more new millinery, more new separate skirts, more new dresses, more new Royal Worcester Corsets. There is no corset made in this country or in Europe that is better than the Royal Worcester. There is no first class corset made that is sold at so reasonable a price. Imitation Hair Cloth 15c a yard.

THE PUBLIC SERVICE

Short Sessions of the Several Municipal Bodies.

Recommended that an Ordinance be Drawn Prohibiting Sidewalks Coasting.

The Trial of the Settles Murder Case Was Commenced Before Judge Smith—Court Notes and New Suits.

The Board of Public Works yesterday deferred for one week action on the metallic sand contract, and the Maginnis petition for an electric franchise. The Sewer Committee agreed to recommend that the matter of the severing of the part of Main street, formerly known as Kubits street be referred again to the Board of Health. The library board held a short meeting. The City Council held a special session and granted an extension to the contractor on Chicago street.

At the Courthouse yesterday the trial of the Settles murder case was commenced before Judge Smith and a jury in Department One. The case against Antonio Peters, charged with having assaulted a tramp with a deadly weapon, was partially heard by Justice Young. The three Wonga charged with the murder of Lou Suey will be tried in June next.

AT THE CITY HALL.

Public Works.
THE MEETING OF THE BOARD YES-

TERDAY.

A considerable number of men interested in the various matters before the Board of Public Works were present at the meeting of that body yesterday morning.

The question of the application of A. P. Maginnis for the right to distribute electricity for power, lighting and other purposes in the territory lying north of Second street and west of North street, was considered. Mr. Cline, of the electric lighting company, was present, and asked that before the privilege asked for be granted an ordinance be drawn for it. There would then be an opportunity to criticize the ordinance.

It was agreed to defer action in the matter for one week.

Ex-City Attorney McFarland, representing H. M. Metcalf, to whom was to be let the contract for river-bed sand, was heard in the matter. It will be remembered that when the City Council reconsidered its action in approving the contract the matter was referred to the board, and this was the way it came up yesterday. The committee which was detailed for the work on the matter was deferred for one week.

The board agreed upon the following recommendations for presentation to the City Council at its next meeting:

"We recommend that the City Attorney be instructed to prepare and present the necessary ordinance prohibiting the use of coasters on cement sidewalks, in accordance with the petition of Mrs. D. Field et al."

We recommend that the City Engineer be instructed to prepare and present the necessary ordinance of intention to sidewalk the west side of Towne avenue, between Fifth and Sixth streets with a walk five feet wide, in accordance with the petition from H. Puck and others.

"We recommend that the petition from J. D. Egan and others, asking to have the grade of Tenth street, at the intersection of Grand View avenue, changed, be referred to the City Engineer to report as to the frontage thereon contained.

"In the matter of the protest of Maggie Minor and others against the abandonment of Connecticut street, between Buckley and Vernon streets, it appearing that said protest represents at least one-half of the property which would be included in the district recommended by the board, we recommend that all proceedings be abandoned and that the instructions given to the City Engineer to make a survey of the land to be abandoned, and the instructions to the City Attorney to draft an ordinance of intention be rescinded.

"We recommend that the petition from J. E. Gross and others, asking permission to establish and maintain a system of electric burglar alarms, be referred to the City Attorney for opinion thereon.

"We recommend that the petition from R. Maloney and others, to have Aliso street from the east line of Alameda street to the west line of the Los Angeles River, macadamized with porphyry road guttered with porphyry blocks, and sidewalk with cement eight feet wide, be referred and the City Engineer instructed to prepare and present the necessary ordinance of intention therefor.

"We recommend that the City Attorney be instructed to prepare and present the necessary ordinance granting permission to establish and maintain a system of electric burglar alarms, to the petition from D. Fitch and others.

"We recommend that the petition from D. Fitch and others, asking to have the grade of Castro street, extending between Walter street and Bellevue avenue, be granted and the City Engineer instructed to prepare and present the necessary ordinance of intention therefor.

"In the matter of the petition from I. N. Kneel and others, calling attention to the same, and asking to have lot 22, block 2, of Wright's subdivision, the Sisters of Charity tract, and asking to have the same abated, we recommend that the City Assessor and City Engineer be instructed to furnish the City Clerk with the names of all recorded owners of lots of the same, and to be directed for the purpose of removing gravel in the territory between Pico street and west of Figueroa street, and that the clerk be instructed to notify said property owners to fill said excavations forthwith.

"We recommend that the petition from W. E. Groot and others, asking that Sherman street, between the south line of Sixth street and its northerly boundary, be graded, graveled, curbed with cement, and sidewalked with a cement walk five feet wide, be granted and the City Engineer instructed to prepare and present the necessary ordinance of intention to do the same.

"We recommend that the City Attorney be instructed to prepare and present the necessary ordinance granting permission to do the same, and to be referred to the City Engineer.

"We recommend that the petition from T. J. Knell, asking that Twelfth street from the easterly line of San Pedro street to the westerly line of Tennessee street, be graded, graveled, curbed with cement curb, sidewalked, and seawered, be granted, and the City Engineer instructed to prepare and present the necessary ordinance of intention therefor; work to be done under specifications 'G' and 'D'.

"We recommend that the petition from William Cannon and others, asking to have Burlington avenue graded, graveled, curbed with cement, and sidewalked with

cement six feet wide, from the south line of First street to the south line of Ocean View avenue, under the bond previously mentioned, be granted and the City Engineer instructed to prepare and present the necessary estimate of cost for doing said work under specifications 'G' and 'D', and if the same exceeds the amount required by law, then to present the same as ordinance of intention for doing said work.

"We recommend that the petition from the Church of the Unity, asking to have the grade of Grand View avenue, between Ninth and Eleventh streets, changed, be referred to the City Engineer to estimate the amount of cost of doing the same.

"We recommend that the matter of the grade of Shatto street be referred to the City Councilman from the Third Ward.

"We recommend that the superintendent of street sprinkling be instructed to change the sprinkling hydrant located at the southwest corner of Griffin avenue and Primrose avenue to the northwest corner of same streets, providing that the property-owners pay the expenses of said moving."

Kubits-street Sewer.
PROTESTANTS ARE HEARD BEFORE THE COMMITTEE.

At the meeting of the Sewer Committee yesterday a number of property-owners interested in the protest of E. Moulton and others against the severing of the portion of Main street formerly known as Kubits street, were heard.

It was stated, on the part of the property-owners that the proposition had been furthered in the interest of providing sewer facilities for the County Hospital. It was claimed the cost of constructing a sewer at that time would be a hardship on most of them and it was not greatly needed.

Members of the committee stated that the proposition had been recommended by the Board of Health.

It was agreed by the committee to recommend that the matter be re-committed to the Board of Health together with the property-owners.

The committee also decided to present the following recommendations to the City Council:

"We recommend that the water overseer be instructed to connect Sanjo No. 1 with the sewer at Seventh street, and to place a small chamber at the point of said connection."

"We recommend that the City Engineer be instructed to prepare and present the necessary ordinance of intention for the construction of a sewer on Third street from Figueroa street to Fremont avenue, and on Fremont avenue from Second to Third streets, in accordance with the petition from K. L. Cline."

"In the matter of the petition from Henry T. Gage and others, asking that a public sewer be constructed, commencing at First street, on Boyle avenue, thence along Boyle avenue to Fourth street, thence along Fourth street to make connection with the outlet sewer, and that the outlet sewer be one-and-a-half inches in diameter, never be laid on said streets, and that they also be curbed with a cement curb and sidewalked with cement, and that the City Engineer be instructed to prepare and present an estimate of cost of the proposed work, and if the same exceeds the amount prescribed by law, then to present the necessary ordinance of intention for doing the work."

It was agreed to defer action in the matter for one week.

Ex-City Attorney McFarland, representing H. M. Metcalf, to whom was to be let the contract for river-bed sand, was heard in the matter. It will be remembered that when the City Council reconsidered its action in approving the contract the matter was referred to the board, and this was the way it came up yesterday. The committee which was detailed for the work on the matter was deferred for one week.

The board agreed upon the following recommendations for presentation to the City Council at its next meeting:

Library Directors.

A SHORT MEETING OF THE BOARD YESTERDAY.

The new board of directors of the Public Library held an adjourned meeting yesterday afternoon, which was attended by all the members.

The demands before the board were approved, and some little time was spent in listening to explanations in reference to the civil service methods now in force in the institution.

It was decided to fix the time for regular meetings of the board at 4 p.m. on the second Monday of each month.

A Matter of Plumbing.

A POINT OF INTEREST TO PROPERTY OWNERS.

It is stated that house-owners making contracts for plumbing work would do well to have the contract in each case specify that the work shall be done in accordance with the city ordinances.

Some cases have been reported where the plumber would enter into a contract to do certain work. It would afterward be discovered that the ordinance required that more should be done in such a case than was included in the contract. The result would be that the property-owner would have presented to him a considerable bill for extra.

It is also suggested that the person having the work done require the plumber to deliver the inspection certificate before receiving pay for the work. These certificates, if preserved by property-owners, may be of great use to them afterward.

Granted an Extension.

A special meeting of the City Council was held yesterday, for the purpose of considering a request of Moir & Smith for an extension of time in which to complete grading and other work on Chicago street, north of First street. An extension of twenty days was granted.

City Hall Notes.

J. B. Wagner and others have filed a protest against the severing of Third street between Figueroa street and Fremont avenue, and of Fremont avenue between Second and Third streets.

H. M. Metcalf has filed a petition, asking that permission be given to grade and otherwise improve Sixth street between Coronado street and the west city limits by private contract.

Antonio Perpich has addressed a communication to the Police Commission, asking a reconsideration of the action taken at the last meeting of that body, in regard to his appointment as a special police officer.

A permit was issued by the Building Superintendent yesterday for the erection of a new building on the west side of Broadway, near First street. The permit was taken out by A. M. Hough, and is for a three-story brick structure, with a frontage of forty feet and a depth of 112 feet. The building is to be for stores and offices and is to cost \$13,000.

AT THE COURTHOUSE.

The Courts.

TRIAL OF THE SETTLES MURDER CASE COMMENCED.

In Department One yesterday, William Settles, a well-known youth from Long Beach, appeared before Judge Smith to answer to the charge of having on April 19, last, jointly with Lucien T. Healey, murdered old John Hawkins, a Wilmington baker.

District Attorney McComas appointed an attorney of the State to prosecute the case, while J. Marion Brooks, Esq., represented the defendant.

The jurors selected and sworn to try the case were: J. F. Banning, H. J. Cone, F. Gerling, F. W. Green, J. N. Harmon, S. J. Jean, O. Lamb, E. M. Misip, E. H. Royce, L. T. Rowley, J. L. S. Rush and J. Webster.

A large crowd of spectators of both sexes, among whom were many residents of both Wilmington and Long Beach, watched the proceedings with keen interest. The day's session did not end without the testimony of a man named Peter Hayes, who was examined on behalf of the prosecution, viz.: E. S. Innman, a deputy constable; J. H. Mathews, a barber, and A. Laubersheimer, a druggist. The depositions of Fred H. Vitch, J. O. McPherson and Dr. Seaman, taken at the preliminary examination and inquest were, however, read, with the consent of the defendant.

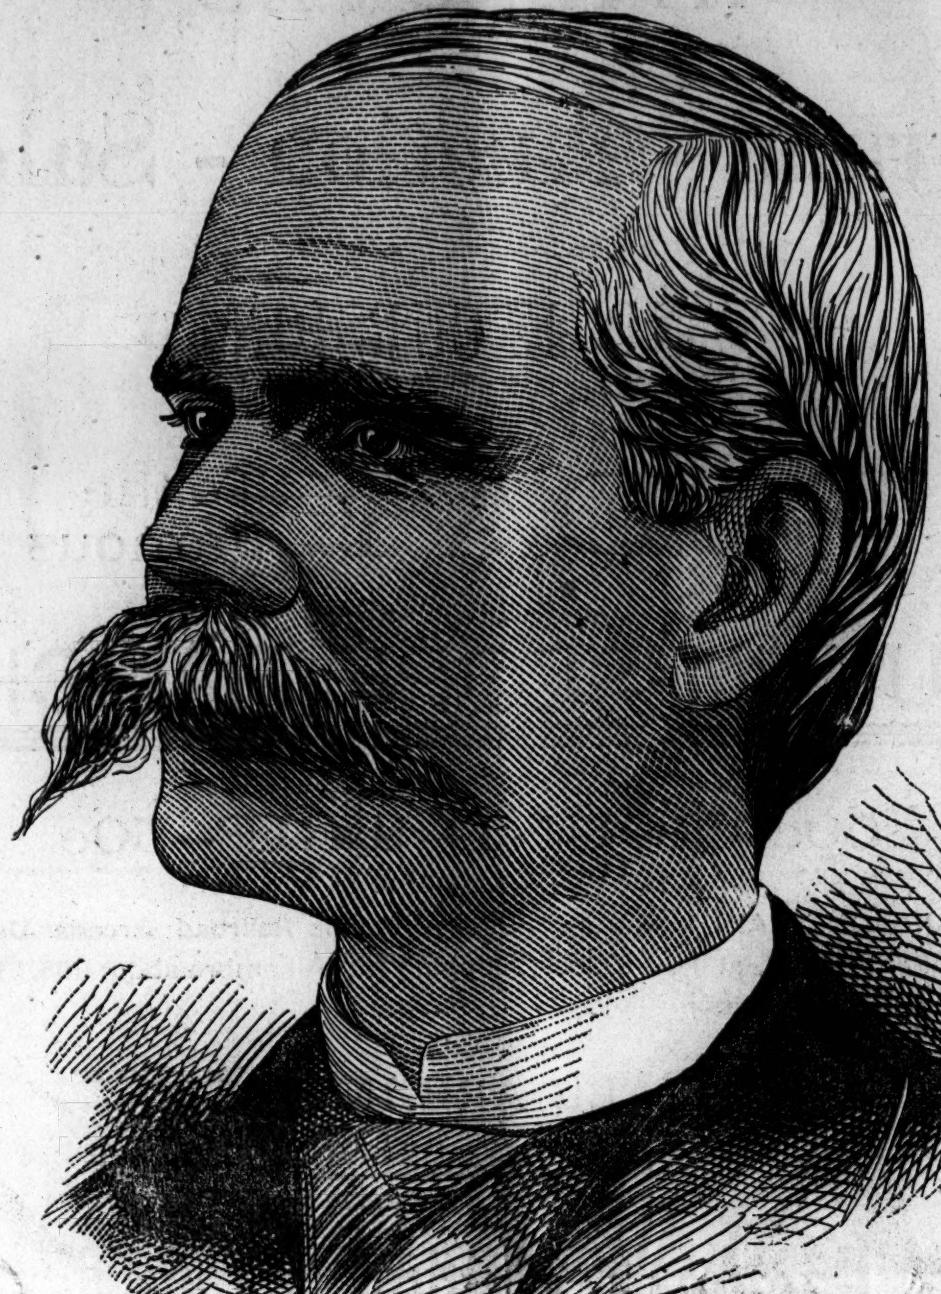

"We recommend that the City Engineer be instructed to prepare and present the necessary ordinance of intention to sidewalk the south side of Thirty-first street, between Grand Avenue and Figueroa street, with cement six feet wide."

"We recommend that the petition from T. J. Knell, asking that Twelfth street from the easterly line of San Pedro street to the westerly line of Tennessee street, be graded, graveled, curbed with cement curb, sidewalked, and seawered, be granted, and the City Engineer instructed to prepare and present the necessary ordinance of intention therefor; work to be done under specifications 'G' and 'D'.

"We recommend that the petition from William Cannon and others, asking to have Burlington avenue graded, graveled, curbed with cement, and sidewalked with

KINGS OF THE ROAD

A Procession of Private Cars to Arrive.

Bringing the Receivers and Other Representatives of the Santa Fe System.

A Temporary Stoppage—Gen. Thurston to Arrive—That Wine Rate. The Intercontinental Railroad.

General Manager Wade of the Southern California went out on the road yesterday to Barstow for the purpose of meeting the magnates of the road who have come through from Chicago, and will spend some little time in Southern California. In the party are Receivers Walker, McCook and Wilson, George R. Peck, general collector of the Santa Fe; Ed King, representing the Reorganization Committee, and several other gentlemen having more or less direct interest in the various lines included in the Santa Fe system. In all there are twenty-five persons traveling in six private cars—quite an imposing contingent. From Barstow the party will go through to San Diego, returning to this city on Monday morning. The purpose of this visit is to investigate into the affairs of the Southern California and Atlantic and Pacific roads.

A TEMPORARY STOPPAGE.

The Colorado Midland has sent out notices that neither livestock nor freight will be received until further notice. No explanation has been vouchsafed in sending out this telegraphic notice, but it is assumed in railroad circles here that the action is being taken in consequence of wagons.

NEW STYLE ENGINES.

Forty locomotives have been ordered for the Paris-Lyon Mediterranean road, which the new one is now in construction. These engines are of the compound type, with four cylinders and two immense driving wheels coupled. The novelty consists in shielding all the parts offering resistance to the air—the smokestack, cab and fire-box—with plates inclined at an angle of 45 degrees to the roadway, which will be received by the engine.

The Canadian Pacific is attempting to keep its end up by a general reduction in salaries. For those having salaries up to \$2000 the reduction will be 5 per cent.; for those receiving above that amount 10 per cent. This will affect the highest as well as the lowest employees, from the president down.

The sleeping carriages of the English Northwestern line are partitioned off into eight separate bedrooms, each containing two brass bedsteads. A corridor runs along the side of the car, from which all the rooms open. In the center of the car is a sitting-room for three men and one for women, and there are lavatories.

The Friends now at Whittemore will hold some of their usual interesting meetings on Sunday. Wherever these annual meetings have been held the Sunday services have always attracted large numbers of people. Anticipating considerable travel for that day additional equipment will be given the train leaving Arcadia Depot at 9:40 a.m. Passengers will arrive at Los Angeles at 4:20 p.m., being given an opportunity to attend both the morning and evening services.

ANOTHER NOTABLE TO ARRIVE.

Gen. J. M. Thurston, United States Senator from Nebraska and general collector for the Union Pacific, will arrive in the city in his private car from San Diego this evening, and will leave for Santa Barbara.

THAT WINE RATE.

On the 5th of May the Southern California will increase the freight charge on wine from 50 cents to 75 cents, thus falling into line with the Southern Pacific with whom this latter rate has been the vogue. It remains to be seen whether wine shipments will now be divided between the roads, or whether deep-sea shipments will be resumed as was threatened that they would be in event of the resistance on the front of the engine is multiplied more than six times.

THE INTERCONTINENTAL ROAD.

The Intercontinental Railway route, as surveyed under the auspices of the Pan-American Congress of 1889, has been accepted and approved by all the States concerned. Lieutenant-Commander R. M. G. Brown, U.S.N., the executive officer of the survey, who has been engaged in the adjustment of this question for the last four years and is now ready to report to the government. It is practicable to commence the construction of the railway, 4900 miles long, from the southern boundary of Mexico to the northern terminus of the Argentine Republic. In this direction 230 miles are already constructed, and about 1800 miles are under survey and construction. The largest link for construction would be that between the railways of Costa Rica and Cuzco, Peru, a distance of about 2300 miles. In the 21st century between Cuzco and Buenos Ayres some railways already built or projected could be utilized.

HON. STEPHEN B. ELKINS.

Senator Stephen B. Elkins of West Virginia, accompanied by his son, is visiting Los Angeles and other Southern California cities, traveling in a private car. Senator Elkins is largely interested in the Los Angeles Terminal Railroad and other enterprises in the West. Yesterday afternoon he, in company with Senator Stephen M. White, were guests of General Manager T. B. Burnett of the Terminal road on a trip by special train to San Pedro, where the party looked over what is to be the future great harbor. They remained in the vicinity until after the feds, and it is thought that his visit will be a fruitful one, having much bearing upon the future of railroad and harbor interests hereabout.

ADVANCE IN FREIGHT RATES.

KANSAS CITY (Mo.) March 28.—Commissioner A. J. Van Landingham is in receipt of a circular from Chairman J. F. Goodard of the Trunk Line Association, announcing an advance in rates effective next Monday on merchandise from the Atlantic Coast to the Mississippi River, when destined for points in Missouri, Arizona, Arkansas, Colorado, Indian Territory, Iowa, Kansas, Louisiana, Mexico, New Mexico, Oklahoma, Texas, Wyoming and Utah. The basis of the advance from New York to the Mississippi River will be as follows: First class, 35 cents; second class, 75 cents; third class, 55 cents; fourth class, 41 cents; fifth class, 35 cents; sixth class, 29 cents. The proposed advance will make through rates to Kansas City and Missouri River points higher than they have been for a number of years.

SANTA FE EARNINGS.

CHICAGO, March 28.—The earnings of the Atchison system proper for the third week in March were \$239,519, an increase of \$23,789; the month to date, \$1,692,768, an increase of \$63,069. The earnings of the Atchison system, all lines, were for the week, \$238,691, an increase of \$31,247; for the month, \$2,230,700, an increase of \$74,280.

KANSAS PACIFIC.

NEW YORK, March 29.—A Protective Committee of the Kansas Pacific consolidated first-mortgage bondholders has been formed, consisting of Frederick D. Tappan, chairman; R. Louis Fitzgerald, Thomas O'Brien, W. E. Roosevelt of this city; Oliver Ames, Boston, and George E. Leggton of St. Louis. The failure of Congress to adjudge receivership lien on the part of the Union Pacific system, the suit for foreclosure of the Denver extension mortgage and other foreclosure proceedings, serious questions existing as to the proper application of the earnings of the Kansas Pacific Railway and other lines, have brought on complications which, it is claimed, demand prompt action on the part of the bondholders to protect their rights. Interest is in arrears almost a year. Depositors of bonds are protected under an agreement prepared by the committee as in the Mercantile Trust Company.

COMING ON THE SUNSET.

The following passengers will arrive on the Southern Pacific Company's Sunset Limited from New York this evening at 8:10 o'clock: C. E. Bristol, Mrs. Bristol, Mrs. L. B. Switzer, Amosine C. C. Carpenter, H. S. DeForest, East Orange, N. J.; T. R. LeCount, Mrs. H. Otte, Miss Otte, C.

Woolly, Mrs. C. Woolly, New York; A. M. Hance, Mrs. Hance, Miss M. Hance, Mrs. S. M. Fetton, Philadelphia; Mrs. A. G. Munro, Residence, Illinois; James Hill, G. E. Pies, J. Mullin, Mrs. Jose; J. W. Raphael, S. F. Isaac, H. W. Davis, Mrs. J. B. Hale, Whitney; L. E. Payson, Mrs. Mary Payson, Washington, D. C.; Mary Daye, Gardner, N. Y.; L. Black, New Orleans; W. K. Bird, Mrs. Bird, Denver; Mrs. M. Lucy Morris, Memphis, Tenn.; Mrs. M. Parker, Miss Parker, Chester Parker, Lancaster, Mass.; Edward Eddie, London, Eng.; Mrs. V. Hernandez, Los Angeles; Mrs. Hernandez, Miss Core E. Carr, Chicago; C. T. Lamberts, L. Louis, Mrs. Louis, Seina, Ala.

SCRAP HEAP.

A. C. Bird, traffic manager of the Chicago, Milwaukee and St. Paul, will go through his private car to Long Beach today.

The local Turnverein will go in a body by the 8:15 train to Arvin tomorrow, while a picnic will be held.

There will be an excursion over the Southern California, today, to Elsinore, leaving La Grande Station at 11 o'clock in through coaches. The party will be chartered by Miss Whitlock and will return on Monday.

The local Turnverein will go in a body by the 8:15 train to Arvin tomorrow, while a picnic will be held.

The Southern California is now issuing return-trip tickets, each round trip \$29.20, and in consequence passenger traffic in that direction is improving. These tickets are good for thirty days from day of sale.

There will be a cheap trip excursion from Ontario and Pomona, over the Southern California, to Echo Mountain, on Monday.

An extremely pretty illustrated pamphlet, "Sunny Tropical California," has been issued by the Southern Pacific general passenger department for free distribution in the East.

The total number of cars equipped with the Phinney light in the United States and Canada is 5673, operated on nearly 100,000 miles of road. Of these cars 1059 are on elevated, cable, or electric railways and 4922 are of the flat or Wagner cars, leaving 4392 as the number of ordinary passenger coaches equipped.

The Canadian Pacific is attempting to keep its end up by a general reduction in salaries. For those having salaries up to \$2000 the reduction will be 5 per cent.; for those receiving above that amount 10 per cent. This will affect the highest as well as the lowest employees, from the president down.

The sleeping carriages of the English Northwestern line are partitioned off into eight separate bedrooms, each containing two brass bedsteads. A corridor runs along the side of the car, from which all the rooms open. In the center of the car is a sitting-room for three men and one for women, and there are lavatories.

The Friends now at Whittemore will hold some of their usual interesting meetings on Sunday. Wherever these annual meetings have been held the Sunday services have always attracted large numbers of people. Anticipating considerable travel for that day additional equipment will be given the train leaving Arcadia Depot at 9:40 a.m. Passengers will arrive at Los Angeles at 4:20 p.m., being given an opportunity to attend both the morning and evening services.

ARE YOU HERE FOR BUSINESS?

If so, but a twenty-acre tract in the famous "Sunny Slope" ranch, which will be sold at auction today, the 30th. Excursion train leaves the Arcadia Depot at 11 a.m. Further particulars at Easton, Eldridge & Co., No. 121 South Broadway.

ELECTRIC OIL HEATERS.

There are no stoves on the market that approach these. They are the best made, the strongest heating, the most perfect working stoves of those ever made, giving the greatest combination of heat and economy. To secure a stove of this kind, the evaporation of the water in the reservoir, located within the furnace, creates a mild and equable atmosphere in the room. One will last a whole season. They are graceful and symmetrical and are real stoves. See them at the Eldridge & Co. Show Co., Nos. 129 to 135 North Spring street.

HORRIBLE DEPRAVITY.

Story of a Drunken Lad at the Police Station.

A story of youthful depravity was revealed in the Police Court yesterday afternoon. William Harrity, a fourteen-year-old boy, was brought to the police station dead drunk, Thursday evening. His condition was so serious that he was taken into the Receiving Hospital and the police surgeon summoned to examine him. On being stripped it was discovered that he was not only paralyzed with alcohol, but also from a bathhouse disease. The boy was made as comfortable as possible and by morning had sobered up sufficiently to tell his story. He stated that three men, whose names he did not know, had filled him up with whisky, and claimed that this was the first time he had ever been drunk.

The boy's father, however, who is himself a victim of the drink habit, called at the police station and stated that the boy had been under the influence of liquor before.

The boy's mother, who left her husband on account of a cruel wife, was present in court to plead for his son's release, stating it was his first offense of the kind. The boy promised never to drink again and Justice Morrison released him, his mother promising to take care of him. An effort to find out the name of the men who gave him the liquor, failed.

WERE NOT ROBBERS.

Two Men Who Were Unjustly Charged with Crime.

Thomas B. Wallace and Peter Write, arrested a few days ago on a warrant charging them with having robbed J. D. Gillen of \$35.80 while the latter was drunk, were examined before Justice Owens yesterday and honorably discharged. It was the evidence of Mr. White's wife that went to a lodgings-house near by, where he went to bed with him, who said his name was Thomas B. Wallace. When Gillen got up he missed his money, but instead of saying anything about it at the time, he waited a few days and then had two more incidents. At least there was no strain of evidence to show that they had anything to do with the robbery, if any was committed.

DRUGGISTS AND CHEMISTS.

Removes wrinkles and all traces of age. It feeds through the pores and builds up the fatty membranes and wasted tissues, nourishes the shrivelled and shrunken skin, tones and invigorates the nerves and muscles, enriches the impoverished blood vessels, and supplies youth and elasticity to the action of the skin. It's perfect.

Beware of substitutes and counterfeits. Yale's Original Skin Food, price \$1.50 and \$3. At all drug stores.

MME. M. YALE, Health and Complexion Specialist, Yale Temple of Beauty, 146 State st., Chicago.

REDINGTON & CO. Wholesale Druggists, San Francisco, are supplying the Pacific Coast with all my remedies.

HOUSE AND LOT.

Another Sale at a Good Price
on Broadway.

The Prospect for Rapid Transit from
the City to Boyle Heights
Good.

The Improvements Around Westlake
Park—Spreading Southwest—
Cahuenga Valley—Build-
ing Notes.

The most important sale of the past week was that of the Solomon Block on Spring street, near Second, adjoining the Burdick Block. The lot has a frontage of sixty feet on Spring street and a depth of 150 feet, and the improvements consist of a two-story brick building. The property was sold by Mrs. Solomon to Charles A. Keyser, who will probably further improve the lot within a short time. The price paid was \$100,000, which is equivalent to nearly \$1500 a foot, leaving out the improvements. This is a good price, and shows that Spring-street property is coming into favor again with investors. As The Times has frequently stated the tendency of the part of property-owners on South Broadway to ask exorbitant prices on that thoroughfare was certain to have the effect of driving business back on Spring and Main streets. It is already having that effect.

OLD CITY HALL.

Another item of interest in the real estate market during the past week has been the sale of the old City Hall property, which was disposed of to Mr. Graves of Graves, O'Melveney & Shanksland, for the sum of \$42,000. The property has a frontage of sixty feet on Second street by a depth of 120 feet. This makes the price without improvements \$700 a foot, a price which is quite satisfactory to the city and which leaves a good margin for profit on the purchase. The property has been purchased for I. W. Hellman, who will shortly improve the entire frontage which he owns, extending from Spring street to Broadway. The city will retain the building for six months free of rent with an option of six months longer at a rental of \$200 per month.

SOUTH BROADWAY.

Another important sale was that of the southwest corner of Broadway and Fourth streets, opposite the Chamber of Commerce building, the price paid being \$87,500—about \$718 a front foot. The lot fronts 122 feet on Broadway and 161 feet on Fourth street, and was purchased a few months ago by Graves, O'Melveney & Shanksland from the Roberti estate for \$60,000. The purchaser is James Moses, a capitalist and large holder of real estate in New York city. Mr. Moses is also the owner of the Tel. N. Y., electric light plant, for which he has a share capital of \$750,000. The lot was sold subject to a fifteen-year lease held by Messrs. Hallett and Pirtle, who are now erecting a handsome three-story business block on the corner.

NORTH BROADWAY.

At length there has been a transfer of property on North Broadway. B. F. Coulter has purchased sixty feet on the west side of that thoroughfare, near Temple street, opposite the Courthouse, for \$15,000 cash. On this site a handsome frame church will be erected to cost about \$10,000. This price, which is equivalent to \$250 a foot, is about the average price asked for property on North Broadway, between First and Temple. As frequently stated in The Times, it is difficult to say why lots on this fine thoroughfare within a stone's throw of the business center should continue to be offered on the market at such a low figure. Close to the Times office there is a corner lot which can be purchased for about \$265 a front foot.

SPREADING SOUTHWEST.

As mentioned in The Times yesterday the northwest corner of Ninth and Hill streets, 120 by 165 feet, has been sold by John Bryson to M. M. Potter of the Westminster for \$13,000. The lot is 120 by 165 feet, and contains a number of small cottages, which yield a total income of about \$80 a month. The price, which is equivalent to \$115 a front foot without the improvements, is a good one and at the same time not too high to leave the purchaser a good chance for a profit. The high prices which are being asked for property on Broadway are having the effect of driving investors down toward the southern part of the city very rapidly. At this rate, the price we may expect to see lots in the neighborhood of Pico and Pearl streets quoted at business property within a very few years.

RADIAL TRANSIT FOR BOYLE HEIGHTS.

Negotiations for the construction of the rapid transit electric railway to Boyle Heights, referred to in this column a few weeks ago, are still going forward, and nearing completion. The route of the line has almost been decided upon, but the projectors do not wish to say anything on that subject just yet. They state that the road will be a first-class one in every respect, with an elevated bridge across the river, so that passengers can be carried from the business center to the heights in a very short time. Such a road cannot fail to have a very stimulating effect on values of property across the river.

MAIN STREET.

A few days ago the sale, previously announced, of a lot adjoining the postoffice on South Main street was closed up. This lot, which is on the south side of the Federal building, has a frontage of forty feet on Main street by 120 feet, and was purchased by that enterprising and shrewd investor, O. T. Johnson, from the McLeist estate for \$12,000, or the rate of \$10 a foot. This is a piece of property which the government will have to purchase when it decides to enlarge the present building, which is altogether inadequate for the public service. Apart from this the lot is a very cheap one. As The Times has recently remarked on several occasions, at the prices which are now asked, property on Spring and Main streets offers much better inducements to investors than property on Broadway. Only recently Mr. Johnson, who purchased this property, sold a lot on Broadway at the same distance from the business center for \$600 a foot, or about double the price he paid for this lot on Main street.

WESTLAKE PARK.

There certainly can be no question that a lot on Main street at the same distance out is worth more than half the price of a lot on Broadway. It is probable that during the next few months investors will switch off from Broadway to Spring and Main streets, where there is much more margin for profit. There is a lot at present on South Broadway, priced at \$1000 a foot, which has been run up to an unreasonable figure. While there is little doubt that Broadway will before long be the leading business thoroughfare of Los Angeles it is evident that this will not take place within twelve months or even within two years. Meantime, those who erect blocks on South Broadway will have to be content with much lower rents than are paid on Spring street.

WESTLAKE PARK.

Residence property in the neighborhood of Westlake Park is held at very firm prices. The firm which placed the South Bonnie Brae tract on the market has recently laid out a new tract. It is not yet graded, nor has it been advertised, yet within the past ten days no less than twenty lots have been sold in the

tract, and it looks as if most of the subdivision would be sold out before the improvements are completed.

CAHUENGA VALLEY.

The latest rapid transit scheme, which has been broached in this neighborhood, is one which promises to be of great advantage to the Cahuenga Valley. It is for a single-track railway under the bicycle system, to be run from San Bernardino through Los Angeles to Santa Monica along the foothills. It is reported that the enterprise is in the hands of persons who are financially strong, and that it will amount to more than talk. With a rapid transit road running frequent trains early and late from Los Angeles to the ocean, the Cahuenga Valley will take a start that will astonish the ardent and enthusiastic admirers of that attractive section.

NORTH OF LOS ANGELES.

One of the sections surrounding Los Angeles, which has been making a quiet, but steady and healthy growth during the past couple of years, is that along the west side of the San Fernando Valley, known as the Lankershim ranch. A. P. Hoffman has recently completed his two hundred acres more of his Lankershim lands which shows that the work already done in this direction must be satisfactory. Within a few years the Lankershim country will be a very heavy producer of choice horticultural and agricultural products. It has been found that apples are specially adapted to that section.

STREET IMPROVEMENTS.

It seems that there is an unforeseen drawback to the excellent law which was passed by the State Legislature, which does away with the sale of delinquent property and provides that it is not necessary to take snap judgment on an unfortunate property-owner who is hard up. It seems that the street-bond act provides that property sold under delinquent street assessments shall be sold in the same manner and under the same conditions as property that may be sold for taxes. Under the old law the authorities could go ahead and sell property in order to clear the assessment on a street improvement, and thus raise the necessary money before the improvement was commenced. Now, on account of the bill above referred to, of which I am not sure, the author, this is not acceptable to the mechanic as cheese is to a mouse. We are prepared to recommend our negligee shirts for heart failure, for the grip, for an unhealthy condition of the liver, and in rare cases we prescribe them even where mortification has already set in. Come in and let us prescribe for you. No charge except for the medicine.

You Are The Doctor

We have prepared a "tonic" in the way of a silk and linen shirt, which you will find very beneficial for spring fever. We also have some bracers in the way of sateen shirts, which may do you good, and many "extracts" in the way of silk and wool mixtures, which we can recommend. Remember

We Furnish The Medicine,

All it is necessary for you to do is to call and get it. Our "Elixir of Wool" is in effect "a Lymph," something as acceptable to the mechanic as cheese is to a mouse. We are prepared to recommend our negligee shirts for heart failure, for the grip, for an unhealthy condition of the liver, and in rare cases we prescribe them even where mortification has already set in. Come in and let us prescribe for you. No charge except for the medicine.

Silverwood, The Men's Furnisher,

124 S. SPRING ST.

el for a three-story brick building to be erected on Spring street, between Fifth and Sixth streets. The first floor will be devoted to stores, the second and third floors to lodging and apartments; cost, from \$25,000 to \$40,000.

Plans are being drawn for a two-story frame building for Attorney Shanksland to be erected on Twelfth and Spring.

Mr. McGraw is about to build a two-story, frame, stone building on South Main street; it will have two stores of the first floor.

Plans are being drawn for B. F. Coulter for a frame church building to be erected on Broadway, opposite the Courthouse; cost \$3000.

BUILDING PERMITS.

The following are among the permits issued by the City Superintendent of Buildings:

George E. Wallace, two-story dwelling, Union avenue, between Twenty-first and Freeman, \$2000.

Mrs. Ziegler, two-story dwelling, First, between Sixteenth and Seventeenth, \$2000.

A. Rawson, dwelling, Stevenson, between Hewitt and Merrick, \$2000.

Carlson & Troede, dwelling, Bonita Brae, near Teich, \$2000.

E. Strong, dwelling, Fifteenth, between First and Second, \$2000.

H. Hammerchmidt, two-story dwelling, Los Angeles, between Fifth and Sixth, \$2000.

J. M. Davies, brick warehouse, Vine, between First and Second, \$8000.

LA FIESTA.

ARRANGING FOR THE MUSICAL FEATURES OF THE SHOW.

Some of the Soloists Who Will Take Part—Bicycle Races by Electric Light—Some Great Sport on the Programme.

Miss Katherine Fleming, the contralto soloist for the fiesta concerts, has arrived from the East, and is now at her old home in Anaheim, Orange county. During the concerts Miss Fleming will sing "The Star-spangled Banner," assisted by the chorus and the audience. Among her solo will be Mignon's song from "Faust," "The Land Where the Orange Grows," the "Queen of Sheba" aria by Gounod, and Sullivan's "Lost Chord." Mme. Sobrina, the soprano, will arrive in the city on Easter Sunday. Some of her numbers will be "Ah Fors e Lui," from "Traviata," the "Maids of Cadiz," by Delibes, and the "Habenera," from "Carmen."

The orchestral programme is not yet complete, but among their numbers are the Mignon overture, the Strauss "Imperial Waltz," Liszt's "Raphaela Honigroff No. 2," the "Volksong March," and a novelty, the "Viener Mac'di Waltz," in which the brasses and harp give the waltz time, and the entire orchestra will willingly accomodate.

The committee has selected Prof. W. Hartitz as the orchestra director, and Mr. Scheel, the San Francisco director, has kindly supplied the very latest orchestral music for use at the concerts. The orchestra has a rest day, Tuesday, after the first, and no yesterday morning, and is rapidly getting in fine shape. John Marquardt of San Francisco will be the concert master, and the notable musicians engaged in that city, including Mme. Breitshuck, the celebrated harpist, will arrive shortly before the fiesta.

The chorus rehearsal, Thursday evening at Blanchard-Fingerall Hall, was well attended, and three hundred singers from the city participating in it, the hall being crowded to its utmost capacity. Tickets for the concerts will be issued at next Thursday's rehearsal, and no additions to the chorus will be made after that time. Among outside cities who will send singing delegations is Riverside with about seventy-five voices; the St. Cecilia Society of Orange with twenty-five voices, and

BUILDING.

The manner in which building actively keeps up is truly remarkable. Solid business blocks are rising on every hand as if by magic, while scarcely a day passes that does not see the foundation laid of a residence. While this is more or less true of every part of the city, it is particularly so of the residence sections of the south and southwest. In some cases persons who had purchased lots or agreed to purchase lots to subdivide have been so anxious to hurry on with the work that they have not even waited for a deed. The outlook is for one of the liveliest sunmers in the building trade that Los Angeles has ever known.

The Builder and Contractor notes the following uncontracted new work: Plans are being prepared for R. H. How-

SPECIAL VALUES FOR Saturday, March 30.

A GREAT

BLANKET SPECIAL.

100 pairs, a manufacturer's sample line of summer blankets, good quality, soft fleecy-napped, 104, 114 and 124 size in white, gray and tan, regular prices, \$1. 12.50, \$1.50 and \$1.75 per pair, the entire line will be closed out.

ALL AT ONE PRICE

75 cents per pair.

PILLOW CASES

Ready-made pillow slips for the price of the material, you save the trouble and expense of making, an item to consider well; 100 dozen made of good quality muslin, full size 42x34 inch

AT SPECIAL PRICE

35 cents per yard.

WHITE SPREADS

100 dozen white Bed Spreads, good quality, Marseilles designs, 104 size, good value for 85 cents.

AT SPECIAL PRICE

65 cents each.

AT SPECIAL PRICE

45 cents.

LADIES' WAISTES

A good quality laundred percale waist, well made, good fitting, fast colors, made in latest style, full sleeve, good value for 65 cents.

AT SPECIAL PRICE

45 cents.

LADIES' WAISTES

PASADENA.

WANT AN ALL-NIGHT TELEPHONE SERVICE.

Instructive Papers are Read at the Shakespeare Club—Mozart Symphony Concert—Street-car Service—Arrivals.

PASADENA, March 29.—(Special Correspondence.) After 10 o'clock at night Pasadena is practically cut off from the outside world, as the telephone and telegraph offices close at that hour, and should anything occur later, which it is desirable to convey to the newspapers, private individuals or police authorities outside, it is more than a "gamble" that the effort will succeed. The police authorities have been especially hampered in their work by making a painstaking attempt to find the method so revised that Pasadena will at all times be in communication with Los Angeles, and the telephone service be made continuous. Upon one occasion, not very long ago, when it was necessary for the authorities to hold communication with Los Angeles, it was impossible to find a telephone operator or a regular telegraph operator. The master would admit of no delay, and the marshal, accordingly, broke into the telegraph office and sent a message to the chief and the petition which Marshal Buchanan has in circulation has already received a large number of signatures.

ESTIMATED BY HER SEX.

The Shakespeare Club this afternoon a large audience of ladies was present and listened with every indication of interest to the clever papers and addresses made by members of the club upon "Woman." The meeting was called to order, in the absence of the president, by Mrs. Scott, and the usual preliminaries were omitted to give an opportunity for full discussion of the topic of the day. Miss Webster, under whose direction the project was assigned to the different participants, led off in a bright and witty paper upon "Woman in the Olden Time." She outlined the fables and myths told by different oriental nations to account for the place of woman, and during her portion of the program, elicited from the place held in Greece and Roman society, their subjection to the stronger sex physically, and their status under the laws of Europe and America up to the close of the seventeenth century. As a fitting end to her address, she cited the diverse opinions held by writers of all ages and times regarding the sex and the contrary ideas of their powers and obligations. Miss Leam was followed by Mrs. Stuart, in a unique production, which purported to have been written by a man of his day to Lord Chesterfield, long dead. She caused her man to history the fables of the "female gentleman," and to compare her, and not greatly to her disadvantage, to the heroines of Chesterfieldian times, but when she touched upon the aspirations of women and sex equality, she was most forcible and earnest, as upon a just judgment, and held up to scorn the woman who sees in the femininity granted her by the Creator something which should be eliminated from her character. She hinted at the decay of chivalry, and deplored the fact that physical perfection and mental and spiritual beauty were not carried into more intimate relations in the "new woman."

Mrs. Emily P. Webb read an amusing poem upon the duties of the ideal wife and mother in these days, and Miss Elsie Lenz read "Helen Gray Come's," exquisite poem upon "Imperialism" and the war programme was closed with a conversation upon the topic, led by Mmes. Nash and Blackfan. Dainty refreshments were served from tables, which were a joy to the eye, on account of their artistic decoration.

MOZART SYMPHONY CONCERT.

At the Mozart symphony concert Thursday night, given under the auspices of Throop Polytechnic Institute and managed by Prof. Polley, there was a programme rendered which was a rare treat to Pasadena music lovers, and there are many such here. The audience was very large and was enthralled over the work of the six artists composing the ensemble. Numerous encores considerably lengthened the programme, and every number was exquisitely given. One of the novel features was the playing of Mr. Stoelzel upon a large violin with fourteen strings, and another was the introduction by Herr Blocke of the viola da gamba, an instrument with two sets of strings, one of the other being merely vibrators. The Roman trumpet five-feet long upon which Herr Hoch played completed the trio of novelties. The vocal numbers were as heartily enjoyed as were the instrumental, and the recitations rendered by Miss de Vella were given with as much artistic finish as were her vocal solo. Miss Braems was the other soloist, and did excellent work.

PASADENA BREVITIES.

The passage of the new law relating to taxation of real estate in the first class will not it is said by those in authority, affect Pasadena, though it may be chosen for South Pasadena, if the Council of that place elects so to do. There would be no saving whatever in having county officials collect the taxes, and the present law, according to City Attorney Arthur, is not repealed by the passage of this substitute for Assembly Bill 897, and fully complies with the intent of the assessment and taxation generally. It is a matter of regret to the City Council that the projected law relating to cities of the sixth class did not come before the law-makers, but since it did not there is no relief in sight for the municipal treasury at the present time.

(Pasadena Star) As to La Fiesta, Pasadena is rather slumberously cogitating over the matter, and while the indications are not yet positive as to the cominging as with result in a brilliant showing at the festival, it is possible that our people will become inspired to undertake something that will throw prismatic effects into the deep gloom of obscurity.

A lapsus fingeras (modern Greek for slip of the typewriter) made the Times Pasadena correspondent nominate six gentlemen of the "Ollette Company," a male quartet. Sometimes, in amateur companies, six times one is four, from some vocal standpoint, but the inference is not so to be drawn in this case.

Prof. A. J. McCleatchie today returned from a lecture trip. He spoke on March 25 at Pomona College upon "The Anatomy and Physiology of the Orange Tree," March 27 at Peris upon the same subject, and March 28 at Riverside before the Farmers' Institute, upon "Bacteriology and the Farmer."

There was a meeting of the Corona Lodge Thursday evening, which was rather a special occasion. It was a reunion of members and initiates, and the social board to celebrate the conferring of the first degree upon the twenty-fourth candidate.

Pasadena now rejoices in street-car serv-

ice until 9 o'clock at night, and what was attempted by the company as an experiment has proved so satisfactory from every point of view that it has been decided to continue the night service regularly.

Invitations have been issued for the wedding of G. H. Tuttle, the general assistant agent of the Sunset route, and Miss Margaret Parr of Pasadena next Tuesday evening at 7 o'clock at the Christian Church.

Mr. and Mrs. Bryam of North Los Robles avenue will start Saturday upon their journey to Alaska, where they will remain for some time in the capacity of missionaries to the natives.

Webb Cowden of the firm of H. D. Lee & Webb wholesale grocers of Salina, Kan., has been visiting friends in Pasadena and investigating the fruit interests in this vicinity.

Miss Gertrude Matthews, competent dressmaker, will go out by the day. Address McKenney Villa, Raymond and Raymond.

Walter H. Martin, who has been spending the winter in Pasadena, returned to-day from a two weeks' visit to San Diego.

Mrs. Charles Eldred has leased Mr. Lincoln's house on East Colorado street, and will take possession at once.

Don't forget Miss Norton's recital this afternoon at G.A.R. Hall. Tickets at Greenock's.

Mr. and Mrs. Allen Dodworth will go on Saturday to Coronado for an extended visit.

The total rainfall of the storm which ended here Thursday night was 3.07 inches.

New high class novelties, silks, crepones and black goods at "Bon Accord."

HOTEL GREEN NOTES.

Misses May and Alice Critchell of Chicago entertained at dinner Thursday evening, covers being laid for fifteen. The table decorations were maidens-hair fern and hypericum. The menu was as follows: Miss K. Webster, Mrs. C. W. Richards, Kalazanow, Mich.; Miss Lena Robinson, Chicago; Mr. and Mrs. Shirley V. Martin, W. G. Gilmore, Pasadena; L. J. McManan, H. M. Robinson, Franco Gannini of Chicago; A. G. Hathaway, Roy A. Rainey, Cleveland; J. A. Garver, Mrs. Moines; A. G. Hubbard.

Mr. and Mrs. S. F. Black and their son left the hotel today for a trip to Coronado.

G. L. Bolcher, San Francisco, and Henry A. Darling of the same city are among the recent arrivals.

ECHO MOUNTAIN NOTES.

The rain of the last few days gave way to clear skies this morning, and called out 100 visitors. Among them was Gen. Charles H. Howard, editor of the Farm, Field and Fireside of Chicago. The general was chief of staff for his brother, Gen. O. O. Howard, whose military achievements during the late civil war made him famous.

Coh Lyman Brydge, a military engineer during the rebellion, and a well-known engineer, arrived yesterday morning. His family were with the Howard and Brydge party, as was also Miss Eliza Keith, the well-known journalist of the San Francisco News-Letter.

SANTA BARBARA.

Natural History Society—New Gas Company.

SANTA BARBARA, March 29.—(Special Correspondence.) George Russell reported 1.04 inches up to 7 o'clock Thursday morning for the last storm.

The annual meeting of the Natural History Society will be held Saturday, March 30, at 3 p.m. The members are earnestly requested to remember this fact.

Mrs. Will Egelhoff of Los Angeles is at present in this city.

L. F. Rose and wife and Mrs. George Young of Bay City, Mich., are stopping at the New Morris.

L. P. Low, who has gone to Pasadena for a short time, has, so rumor says, succeeded in forming a new gas company upon "Independent" lines.

Dr. Hartman of Santa Ynez is stopping at the New Morris.

O. D. Dunbar, wife and three children of Olympia, Wash., are the guests of the Commercial.

The dog poisoner is still going his rounds. R. E. Atkinson has lost his dog by the usual method. Why is not made to find out exactly what kind of poison the fiend is using, and then look up the source of supply? Does he run a private laboratory and let his business "go to the dogs?"

Miss Lotte Hefner has returned from France with friends and relatives in Redlands.

Real estate transfers in Orange county the past week foot up over \$15,000.

Miss Orry Foster is in Los Angeles visiting relatives for a few weeks.

Miss Besley is visiting friends in Los Angeles for a few days.

ORANGE COUNTY.

SANTA ANA IS PREPARING A FLOAT FOR LA FIESTA.

Annual Election of First Presbyterian Church Officers—Divorce Cases—Sunday Court Proceedings.

SANTA ANA, March 29.—(Special Correspondence.) Orange county is to be represented at the La Fiesta in Los Angeles in a specially prepared float which will be representative of the resources of the county.

Just now the spirit of improvement is taking a firm hold on the residents of this "neck of the woods," and they do not propose to let an opportunity pass that will show to the public what the soil and climate of this county is capable of producing. Such an opportunity is afforded in placing a float in the parade at the fiesta, and although a little late in arriving at a conclusion in the matter, the enterprising citizens of the county have finally taken the matter well in hand and now it goes without saying that Orange county will be strictly in it from start to finish.

D. H. Thomas and W. S. Taylor, Esq., had had the matter in hand, and have arranged to raise the necessary amount of money from this portion of the county to guarantee the representation.

CHURCH OFFICERS ELECTED.

At the annual congregational meeting at the First Presbyterian Church Thursday evening, the following officers were elected for the ensuing year: Trustee, A. J. Wood, E. J. Mercereau, N. E. Everett.

The Chamber of Commerce concluded a revival meeting of two weeks' duration last Sunday night. Rev. Cowan conducted the services, which resulted in some six or eight accessions to the church. The oranges are from Prescott's grove in Highland, and took the grand prize, or gold medal, for superior excellence over the citrus fair at Los Angeles.

R. F. Newcomb, residing one mile southeast of town, has about two thousand pounds of the large white sweet potatoes. Quite a number of them will weigh nine pounds each.

Mr. H. S. Flora's brother, Stephen Kenney, and wife of Nebraska, are visiting with her.

John Caruthers of Wethersfield, Tex., is visiting his brother, William Caruthers, whom he had not seen for thirty years.

Supervisor A. W. Francisco, chairman, and the members of the board, with C. French and William Cartwright drove out on Monday to inspect old San Gabriel River from Stewart's crossing to the telegraph road.

A special excursion train was run on this branch of the Southern Pacific last Saturday night, for the benefit of those interested in seeing the landscape of the Warde-Jameson company at the Los Angeles Theater. Twenty tickets were sold at this station.

Z. Decker, an old-time resident of this branch, but now of Long Beach, and Dr. H. Barndollar are spending a few days in Orange, in the hope of getting the same state of mind.

Dr. Harry Groves and W. J. Bemer will represent San Bernardino Lodge, I.O.O.F., No. 146, at the meeting of the grand lodge at San Francisco in May.

Hon. Byron Watson will leave tomorrow morning for his new duties at San Francisco in the service of the Southern Pacific Railway. His family will leave here in June.

There is trouble in the Morongo Mining District that has at last got into the courts. The owners of the Rose mine, Riverside parties, worked for a long time in vain, trying to get a lease on the land, and at last Dr. Shugard, one of the principal owners, took sole charge of the works and things began to brighten up a little.

Recently they struck pay dirt of a high grade, and the prospects were a very rosy hue, but it seems that in following the vein, they have hit upon a rock ridge.

The pick and shovel brigade crossed the pick and shovel brigade crossed the imaginary line that separates meadow and tunnel, or, in other words, were taking out beyond the boundaries and infringing upon another man's claim, and A. G. Watts, the other man, yesterday filed a complaint against the miners for the extraction of \$10,000 against the Rose mine owners.

The storm last night washed the sand on the track of the Santa Fe, near Highland, and stopped the trains, but a little shoveling put matters to right again this morning.

Henry W. Bemer, who died at Mount City Wednesday, will go to North tonight for interment in Lone Mountain Cemetery of San Francisco.

Mrs. Cindrella Cook has commenced suit against her husband, J. H. Cook, for a debt of \$100,000. Whereupon he started suit. The New York papers have clubbed together, and backed by the brother of the lunatic Dixon, have decided to test the pick and shovel brigade across the pick and shovel brigade crossed the imaginary line that separates meadow and tunnel, or, in other words, were taking out beyond the boundaries and infringing upon another man's claim, and A. G. Watts, the other man, yesterday filed a complaint against the miners for the extraction of \$10,000 against the Rose mine owners.

Henry W. Bemer, who died at Mount City Wednesday, will go to North tonight for interment in Lone Mountain Cemetery of San Francisco.

Florence V. Condit commenced proceedings in court against T. Schuyler Ingham and wife, et al., to foreclose a mortgage given to secure a note for \$2,000, dated March 17, 1890, to run three years.

The affairs of the First National Bank are being put in good shape by Receiver Broderick, and tomorrow the bank will be made out to Badger Washington, where the receipt of which the Controller will order a payment made to the depositors who have filed sworn statements of their account, and have received certificates therefor. There are due \$40 depositors \$150,000, and of these \$40,000 are due to the bank, and the remaining \$110,000 to the depositors with \$25,000 due to each.

The testimony in Pomona thus far has been taken by the prosecution. It has been to the effect that Root and Dixon came here on January 1, 1883, and that Dixon lived on less than \$7 a week while here.

On January 1, 1883, he (Dixon) went to the Auditorium Hotel in Chicago and then and there declared he did not know what had become of Dixon or where he had been.

Simple Simon went in business—
Couldn't get along;
"Can't make out at all," said Simon—
"Something surely wrong."

Came along a clever ad-smith,
Opened Simon's eyes;
Simple Simon now no longer.
Moral: Advertise! —(Printer's Ink.)

To excel every other store in actual bargains means that we must undersell all others, sell cheaper, beat all their apparent low prices. This is just what we are going to do today—break competitors' prices again, and sell at wholesale, uncornered and hand-to-hand at one-half the usual prices. This stock is from the great New York consignment sale, with positive instructions to sell it out, regardless of cost or value. Now comes the biggest plum of the year. Sterling-silver thimbles, all sizes, that jewelers give 50 cents for, today's price is 15 cents. Sterling silver buttons to wear for ten years; they are advertised by our competitors as leaders for \$1.50; our price today is 50 cents a pair; sterling-silver coffee spoons at 35 cents, worth 75 cents; 25-cent, four-row, ivory-handle tooth brushes at 15 cents; hair ornaments at 25 cents, worth 50 cents. All of these—performing that usually sell for 50 cents, at 25 cents per ounce, seventy-five odors to select from; side combs at 5 cents a pair; shell hairpins at 5 cents a dozen; all of our precious and imitation stones and gold-filled cases, regardless of cost, to close out these departments and all other useful bargains. All this takes place at Burger's No. 223 South Spring street, between Second and Third streets.

Vollmer's Saturday special sale, No. 116 South Spring street near First. Special bargains in Roger's silver-plated ware and dinner sets, today only; 150-piece decorated German china dinner sets, \$15; 25-piece decorated English semi-porcelain dinner sets, \$7.50; 100 dozen Roger's triple-plated teaspoons, 98 cents a set; 50 dozen Roger's triple-plated dessert-spoons, \$1.98; set, 50 dozen Roger's triple-plated forks, \$1.98; set; 500 blue or green Japanese bowls, today only 24 cents each. Our New York buyer is shipping us new novelties daily. Come in and look around. Visitors always welcome.

You can certainly land something decidedly worth catching by simply dropping in at Desmond's in the Bryson Block. A little money saves immensely under the enlarging influence of Desmond's prices. Just bring a dollar to him and get the superb savings of his stock. It will be the most profitable exchange of money for hats and men's furnishings you ever made in your life.

Teachers' excursion to Mt. Lowe this (Saturday) afternoon. Trains leave Terminal Railway station at 1:40 and 4 p.m. For special rates see Prof. Keyes at the Normal School building. The great teacher of the Observers, and many other objects of interest for those who remain over night.

Lady readers of this paper are hereby advised that there is just at present a splendid chance for them to save some money. William Gibson, Nos. 142 and 144 South Spring, closing out at greatly reduced prices, all his large and choice line of ladies' and children's shoes.

A large sectional map of the nine southern counties of California, elegantly mounted, given away with one year's subscription to the Daily Times, or with one year's subscription to the Saturday Times and Weekly Mirror, and \$1 additional.

Will sell today at 2 p.m. and 7 p.m. the remaining stock of store fixtures and show cases at auction at the first sale of the Golden Rule Bar, No. 247 South Spring street, between Second and Third. T. B. Clark, auctioneer.

If you are going to take advantage of the low prices offered at this closing-out sale of ladies' and misses' shoes at William Gibson's, it would be wise to purchase early while good fits are possible.

William Gibson, shoe dealer, who certainly carries fine goods in his line as brought to Los Angeles, is closing out his entire stock of ladies' and children's shoes at reduced prices.

A good, sober, intelligent, second tenor singer wanted. Good, sure salary, long engagement; one who can play the piano preferred. Address J. W. K., Times office.

There is none to dispute Desmond's claim to pre-eminence in every department of hats and men's furnishings. See his shop window in the Bryson Block.

Serves at Hotel Hoy, No. 227, with Main street, tomorrow. Sunday school 9:30; preaching 11 o'clock. Dr. Breeser; 3 o'clock, Mrs. Ferguson; 7:30, Mr. Studd.

To see poppies and wildflowers take a trip over the Kite-shaped track; a complete circuit Sunday for \$2.05. Trains leave La Grande Station at 7 a.m. and 9 a.m.

Fifty cents for the round trip to Redondo or Santa Monica beaches today or tomorrow via Santa Fe. Morning train leaves La Grande Station at 7 a.m. and 9 a.m.

Twenty-five saddle horses for sale or rent, all riding school connected with stable. No. 814 South Grand avenue. Telephone 730.

The colored shirt holds supreme sway now, and Desmond, in the Bryson Block, holds first place with his display in this department.

Fifty cents round trip on Terminal Rail way to Long Beach and San Pedro. Good going Saturday and Sunday returning Monday.

Krebs & Brasee, funeral directors, corner Sixth and Broadway. Open day and night. Lady attendant. Telephone No. 233.

First Baptist Church, sermon by the pastor. Evening topic, "How Christ Saves the Lost." Sunday school at 9:30 o'clock.

Just received, elegant Parisian hats and bonnets. E. C. Collins, No. 209 South Broadway.

Mantels, tiles, office fittings, hardware lumber. H. Bohman, No. 514 South Spring.

Constable sale furniture, No. 449 South Hill, Tuesday, April 2, 10 o'clock.

Buy the Whitney make of trunk. Factory, No. 423 South Spring street.

Wool is good as well as reasonable in price. Kotter's Cafe.

Ladies should see the slippers at Gibson's now being closed out at \$1.

The prettiest millinery in the city at Dorsch's, No. 313 South Spring.

Ladies should see the shoes at Gibson's now being closed out at \$2.

Dr. Cochran, Bradbury Block; tel. 371. Buy Barden's shoes. Free shines daily. Kid glove bargains. The Unique. Hosiery bargains. The Unique. New potatoes—Althouse Bros. Corset bargains. The Unique. Removal sale. The Unique.

The City Gun Club, which is enlarged to about fifty members, will begin its shooting tournament tomorrow at the range out beyond Westlake Park.

The funeral services of the late Herman Poughbaum will be held at the funeral parlors of Krebs & Brasee, Broadway and Sixth streets, at 2 o'clock this (Saturday) afternoon.

A marriage license was issued at the County Clerk's office yesterday to James C. Perham, a native of Vermont, 55 years of age, and Mrs. Jane E. Ely, a native of Wisconsin, 50 years of age; both of whom reside at Pasadena.

According to C. S. Vance, deputy collector of internal revenue for this district, who has charge of the collection of the income tax in this division, there are about 2500 persons and corporations in this division who came under the income tax law. Over half of these, he says, have filed their reports.

Highest of all in Leavening Power.—Latest U. S. Govt Report.
